RE: Annual Review of Base Rates for Fuel Costs for Dominion Energy
South Carolina, Incorporated
Docket No. 2020-2-E

Dear Ms. Boyd:

Enclosed please find a copy of the Joint Motion to Cancel Public Hearing and Decide this Matter Without the Need for an In-Person Public Hearing ("Joint Motion") filed on behalf of Dominion Energy South Carolina, Inc., the South Carolina Office of Regulatory Staff, Ecoplexus Inc., the South Carolina Solar Business Alliance, Inc., the South Carolina Coastal Conservation League, the Southern Alliance for Clean Energy, the South Carolina Energy Users Committee, and CMC-Steel South Carolina in the above-captioned matter.

By copy of this letter we are providing a copy of this Joint Motion to the parties of record via electronic mail in accordance with the Agreement for Electric Service. We are also providing a Certificate of Service on the parties of record.

Thank you for your consideration of the Company's request. If you have any questions or need additional information, please do not hesitate to contact us.

Very truly yours,

DOCKET NO. 2020 - 2 - E

IN RE:

Annual Review of Base Rates for Fuel)	
Costs for Dominion Energy South Carolina,)	
Incorporated)	
)	JOINT MOTION TO CANCEL
)	PUBLIC HEARING AND DECIDE
)	THIS MATTER WITHOUT THE NEED
)	FOR AN IN-PERSON PUBLIC
		HEARING

Pursuant to S.C. Code Ann. Regs. 103-829 and other applicable rules of practice and procedure of the Public Service Commission of South Carolina (“Commission”), Dominion Energy South Carolina, Inc. (“DESC” or “Company”), the South Carolina Office of Regulatory Staff (“ORS”), South Carolina Solar Business Alliance, Inc. (“SCSBA”), Ecoplexus Inc. (“Ecoplexus”), South Carolina Energy Users Committee (“SCEUC”), CMC Steel South Carolina (“CMC”), and the South Carolina Coastal Conservation League and Southern Alliance for Clean Energy (“CCL/SACE”) (together, the “Parties”) hereby jointly move that the Commission admit the pre-filed testimony of DESC, ORS, and CCL/SACE into the record, cancel the public hearing scheduled for April 9, 2020, and use its discretionary authority to consider all of the written testimony and exhibits submitted into the record, decide the case based upon those written submissions, and issue an appropriate order in the above-captioned matter without holding a formal, oral, in-person public hearing. In support of this joint motion, the Parties would show the following:

1. S.C. Code Ann. § 58-27-865 (Supp. 2019) establishes a procedure for annual hearings to allow the Commission and all interested parties to review the fuel purchasing practices

and policies of DESC and for the Commission to determine if any adjustment in the fuel cost recovery mechanism is necessary and reasonable. Section 58-27-865(B) states, in part: “Upon conducting public hearings in accordance with the law, the Commission shall direct each company to place in effect in its base rate an amount designed to recover, during the succeeding twelve months, the fuel costs determined by the Commission to be appropriate for that period, adjusted for the over-recovery or under-recovery from the preceding twelve-month period.” Coincident with this proceeding and pursuant to S.C. Code Ann. § 58-39-140, the Commission will also determine whether an increase or decrease should be granted in the fuel cost component designed to recover the incremental or avoided costs incurred by the Company to implement the distributed energy resource program previously approved by the Commission.

2. On August 13, 2019, the Commission scheduled a hearing in Docket No. 2020-2-E for Thursday, April 9, 2020, and issued a Notice of Filing and Hearing and Prefile Testimony Deadlines (“Notice”).

3. In compliance with the Commission’s directions, DESC published the Notice in newspapers of general circulation in the affected areas and furnished to all affected customers of DESC by October 8, 2019, either by U.S. Mail via bill inserts or electronically to customers who have agreed to receive the Notice electronically. Timely petitions to intervene were received from SCSBA, Ecoplexus, SCEUC, CMC, and CCL/SACE. No other petitions to intervene were received by the Commission.

4. ORS is a party of record pursuant to S.C. Code Ann. § 58-4-10.

5. On February 7, 2020, DESC filed the direct testimonies and exhibits of Henry E. Delk, Jr., Michael D. Shinn, Rose M. Jackson, and Allen W. Rooks and the direct testimonies of

George A. Lippard III and Mark C. Furtick. Verifications of their direct testimonies and exhibits are attached hereto.

6. On March 13, 2020, ORS filed the direct testimonies of Robert Lawyer, Anthony D. Briseno, Anthony M. Sandomato, and Michael Seaman-Huynh. Verifications of their direct testimonies and exhibits are attached hereto.

7. On March 13, 2020, CCL/SACE filed public and confidential versions of the direct testimony and exhibit of Gregory Lander. CCL/SACE filed a corrected version of the public direct testimony and exhibit of Gregory Lander. A verification of his direct testimony and exhibits is attached hereto.

8. On March 20, 2020, DESC filed the rebuttal testimony of Rose M. Jackson. A verification of her rebuttal testimony is attached hereto.

9. On March 27, 2020, CCL/SACE filed public and confidential versions of the surrebuttal testimony and exhibits of Gregory Lander. A verification of his surrebuttal testimony and exhibits is attached hereto.

10. SCSBA, Ecoplexus, SCEUC, and CMC Steel did not file testimony.

11. On March 13, 2020, Governor Henry McMaster issued Executive Order 2020-08, which, among other things, declared a State of Emergency in South Carolina based on a determination that the 2019 Novel Coronavirus (“COVID-19”) “poses an actual or imminent public health emergency for the State of South Carolina.” And, in Executive Order 2020-13, dated March 23, 2020, Governor McMaster declared that “the State must promote and facilitate effective ‘social distancing’ practices” to address the significant public health, economic, and other impacts associated with COVID-19 and to mitigate the resulting burdens on healthcare providers, individuals, and businesses in the State of South Carolina. Governor McMaster has also issued

other executive orders closing schools, postponing elections, prohibiting dining inside restaurants, prohibiting public and private gatherings of more than three people, and invoking emergency governmental powers under multiple statutes. *See* Executive Orders 2020-08 through 15.

12. In its testimony, DESC requested, among other things, that the Commission approve the tariff sheet entitled Adjustment for Fuel, Variable Environmental & Avoided Capacity, and Distributed Energy Resource Costs, which is submitted as Exhibit No. ____ (AWR-11), as well as the Base Fuel Component (FC), Variable Environmental & Avoided Capacity Cost Component (FEC), DER Avoided Cost Component (FAC), DER Incremental Costs Component (FIC), and Total Fuel Rates shown therein. The Company also requests that these factors be effective for all retail electric customer classes for bills rendered on and after the first billing cycle of May 2020 and continuing through the billing month of April 2021. Implementation of the total fuel cost factor updates proposed by DESC would decrease the average residential monthly bill by \$1.91 per month.

ARGUMENT

13. In light of the scheduling challenges presented by the COVID-19 pandemic, the requirement of S.C. Code Ann. § 58-27-865 for DESC to update its total fuel cost factors annually, and DESC's proposal contained in its pre-filed testimony to decrease its fuel factors effective with the first billing cycle of May to reflect a decrease of \$1.91 per month in the average residential monthly bill, the Parties seek review of its base rates for fuel costs on the grounds that (1) the S.C. Administrative Procedures Act ("APA") grants the Commission flexibility regarding hearings in contested matters and (2) notice and the opportunity to be heard through the presentation of written evidence is sufficient to comply with procedural due process requirements.

14. Administrative agencies in South Carolina “are required to meet minimum standards of due process. Due process is flexible and calls for such procedural protections as the particular situation demands.” Stono River Envtl. Prot. Ass’n v. S.C. Dep’t of Health & Envtl. Control, 305 S.C. 90, 93-94, 406 S.E.2d 340, 342 (1992) (citations and quotations omitted).

15. The Administrative Procedures Act (“APA”) provides that “[i]n a contested case, all parties must be afforded an opportunity for hearing after notice not less than thirty days” S.C. Code Ann. § 1-23-320(A). The provisions of the APA ensure that procedural due process requirements are satisfied. The APA also provides some flexibility to agencies regarding hearings for contested cases in that “[u]nless precluded by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order or default.” S.C. Code Ann. § 1-23-320(F).

16. DESC published the Notice as required by the Commission. Therefore, notice and an opportunity for a hearing have been provided.

17. The Parties respectfully request that the hearing requirement be waived and that the Commission dispose of the proceeding without requiring a formal hearing. “Parties to administrative proceedings may . . . waive their rights to administrative hearings and formal dispositions.” 2 Am. Jur.2d *Administrative Law* § 293.

18. DESC filed verifications for the direct testimonies and exhibits of Henry E. Delk, Jr., Michael D. Shinn, Rose M. Jackson, and Allen W. Rooks, the direct testimonies of George A. Lippard III and Mark C. Furtick, and the rebuttal testimony of Rose M. Jackson. ORS filed verifications of the direct testimonies and exhibits of Robert Lawyer, Anthony D. Briseno, Anthony M. Sandomato, and Michael Seaman-Huynh. CCL/SACE filed verifications for the public and confidential versions of the corrected direct and surrebuttal testimonies and exhibits of

Gregory Lander. This verified testimony filed by the Parties fully develops the facts and issues necessary to form a complete record upon which the Commission can make a just and reasonable decision and issue an order reflecting such decision on or before April 27, 2020, so that DESC may implement any change to its fuel factors in the first billing cycle in May 2020.

19. Based on the foregoing, and in light of events surrounding COVID-19 pandemic, the Parties assert that a full, in-person evidentiary hearing in this matter is unnecessary.

WHEREFORE, the Parties respectfully request that the Commission (1) admit the pre-filed testimony of DESC, ORS, and CCL/SACE into the record and (2) exercise its discretion to informally dispose of the proceeding without holding a formal hearing.
